‘FREE CURRENCY FOR ALL’
‘NEW WORLD’ CREDCHIT CURRENCY SYSTEM DISTRIBUTION**

Since 2008, Washington has worked diligently to repair and/or improve the financial state of the U.S. Economy following the 9/11 Trade Towers Tragic Loss and the War in Iraq. As Bush and Condoleezza Rice have assumed positions adhering to the advancement of such noble causes, also called to the table is Mr. A. Banyon R. Frazier, **INTERNATIONAL U.S. OPERATIONS U.S. Credit Union Chief Executive Officer (C.E.O.)** whom, having been called to order as the number #1 officer in charge of global currency distribution for the **‘NEW FREE WORLD’ CREDCHIT Electronic Currency System (CECS)**, has introduced the global organizational plan said to ultimately eradicate world debt completely.

The *U.S. Credit Union* said to have a tremendous investment placed in the rebuilding of the **‘FREEDOM’** Towers construction in addition to the remobilization of global social orders as the **INTERNATIONAL U.S. OPERATIONS ‘NEW WORLD’** NWO Ordinance Codes have been officially published as of September of this year, introduce an entirely new system void of previous restrictions by organizations such as the *Federal Bureau of Investigations, SEC, Department of Defense, Superior and Supreme Courts* and the *IRS*, said to have been reassigned to more loving positions as **INTERNATIONAL U.S. OPERATIONS** partners **‘FREE’** to instead of collect and enforce, assist with currency distribution and management.

Washington has named the *U.S. Reporting Agency* as the replacement organization in charge of international security enforcement, credit and Information Technology as we push forward with the newly regenerated relations between world leaders such as Dmitry Medvedev, Queen Elizabeth II, Pope Benedict XVI and other instrumental leaders also identified as **INTERNATIONAL U.S. OPERATIONS** international partners.

We have all received limited amounts of information in the past regarding the **CREDCHIT International Credit Currency Units (CICCU)**, the implementation of the new electronic currency treasury and transfer system as well information related to those whom are associated as partners with the system. To add to such extensively impressive information, the currency, some of which has been identified as a form of settlement and/or reparations payments to international pupils having been affected by past actions taken by U.S. forefathers is **‘FREE’** and clear with no repayment terms.

This means that the **INTERNATIONAL U.S. OPERATIONS U.S. Credit Union** is distributing **‘FREE’** for all currency to those whom have been identified as partners, award recipients and/or those whom have or will apply for currency awards. The good news is ... ;Everyone; and ‘Everybody’ is Approved!

I have had the pleasure to work privately as an Agent of the **INTERNATIONAL U.S. OPERATIONS U.S. Reporting Agency** within high degree operations during the Bush administration in preparation for Obama’s inauguration and have also been introduced to several representatives whom have showed me incredible extensions of an executive nature as well as more defined detailed executive operational functionality.

To explain further what is going on, the **INTERNATIONAL U.S. OPERATIONS** has identified the outstanding operational functionality displayed within the transitional period connecting the Bush administration to the Obama.

Currently, the **INTERNATIONAL U.S. OPERATIONS U.S. Credit Union** is distributing more than a 350 Billion in awards to partners, affiliates and recipients of an international nature.
